

# Donate Used Electronics

New Trier  
Day of Service  
#ntef20in21

**Saturday, April 17, 2021**

**Donate your broken or used electronic devices to BinaryHeart, a student organization whose objective is to spread Digital Access.**

Students collect and repair these devices which are donated to help their less privileged peers through Northwestern Settlement and other partner charities. The hope is that this work will lift people out of poverty, make higher education a reality for more students, and change lives.

BinaryHeart co-sponsors Jacqui Pritchard and Chris Klimkiewicz will be helping at the drop off location to be determined soon.

**REGISTER FOR FREE TODAY** at <https://bit.ly/NTDayofService>
