Save Lives by Giving Blood

COVID-19 has caused shortages in healthcare. Although the pandemic has impacted blood drive operations, there is continued need for blood donations to ensure hospital patients have what they need to survive.

Vitalant is one of the largest blood-center-based transfusion medicine research programs in the U.S. They seek healthy donors to keep the blood supply strong for patients heal and recover. Donors who may have the COVID-19 antibodies are also welcome to donate to potentially help those battling the virus.

Join Captain David Buyer '85 in supporting this life-saving initiative by signing up and committing to a blood donation using this [unique link](#). You can also refer to the information on the Virtual Blood Drive on page 2.

All donors must register to be counted for the Day of Service.

Thank you for considering donating blood at this difficult time.

Because of you, life doesn't stop
#vitaltolife

New Trier Educational Foundation Day of Service Virtual Blood Drive April 10, 2021 thru May 10, 2021

In times when we can't be together in person, we can still be together in support of our community. To join our virtual blood drive, follow these steps:

- 1) Sign up for the virtual blood drive to get your emailed invitation to schedule your appointment. Register: [CLICK HERE](#).
- 2) When your email arrives, click "Schedule Now" to book your appointment at any convenient blood donation location. Be sure to use the same email address you used to sign up. This is important because it helps Vitalant connect your donation to our organization's virtual blood drive.
- 3) Provide the same email address at the time of donation.
- 4) Give blood, transform lives!

Donors must mention group code: 972A at the time of donation.

Face coverings and appointments are required.

All successful blood donations are now tested for COVID-19 antibodies (testing ending June 2021).
